

Glass

- Clear Float Glass
- Low Iron Glass
- Tinted Glass
- Reflective Glass
- Low Emissivity Glass
- Laminated Glass
- Silver Mirror
- Aluminum Mirror

Silver Mirror

Silver Coated Mirror is produced through a trinal processing work by coating a silver film, a copper film, and two layers of waterproof paints on the surface of glass. High quality clear float and modern mirror equipment combine to produce competitively priced mirrors of exceptionally high quality. This improved manufacturing process also improves the optical quality of the product and significantly increases its longevity through a better resistance to corrosion.

Features:

- High reflective, true image reflectance with virtually no distortion.
- High optical quality and durability.
- The mirror surface is clear and bright, giving distinct and life like image.
- The plating layer is rigid and bond and the protective layer impregnable with good erosion-resistance.
- Easy to be cut, drilled, or beveled, could be made into wall mirror, decorative mirror, safety mirror, furniture mirror, etc.

Application:

- Wardrobe door mirrors
- Bathroom mirrors
- Furniture applications
- Projection screens
- Display cases
- Decorative walls
- Ceiling and pillar covers
- Anytime you want a mirror offering sharp, beautiful reflectance and uncompromising durability

Specification:

Glass Colors: Clear, Ultra Clear, Bronze, Euro Grey, Dark Blue, Light Blue, Dark Green, Light Green, etc.

Back Paint Colors: Grey, Blue, Green, White, etc.

Thickness: 2mm, 3mm, 4mm, 5mm and 6mm etc.

Sizes: 1524x2134mm, 1220x1830mm, 1830x2440mm, 2134x3300mm, 2250x3210mm and 2250x3300mm etc.
